

FROM THE PRINCIPAL

Dear Parents and Community Members,

At Liberty Elementary School, we are proud of our strong tradition of outstanding student achievement and character development. The combined efforts of our staff, parents, and the students themselves have supported the District's mission of unprecedented achievement and have resulted in solid student growth across the grade levels. This partnership has not only provided students with a structure for academic success, but has also been responsible for fostering a school culture that values all students, promotes positive relationships, and supports the growth and development of the whole child. In our continued effort to provide rigorous and effective instruction, the staff at Liberty will maintain its focus on high leverage teaching practices, particularly in regard to active engagement. This will be accomplished through Professional Learning Community work at the school level, District provided professional development, and grade

level teacher teams. In addition to the core curriculum, Liberty students will continue to receive instruction in music, PE, and technology.

Extracurricular activities, such as science-based assemblies and field trips, are dependent upon PTC and grant funding. We encourage parents to become involved in the PTC, volunteer on a regular basis, and spend a minimum of 20-minutes a night reading with their students.

We invite you to visit Liberty Elementary School. We are confident you will find it a fun, safe, invigorating learning environment that provides our students with pathways to reach their individual potentials!

Thank you,

Principal | Rich Sipe

STUDENTS

OVERALL SCHOOL RATING HOW ARE STUDENTS AT THIS SCHOOL PERFORMING COMPARED TO THOSE AT OTHER SCHOOLS?

The overall school rating is intended to summarize this school's particular successes and challenges. It is based on a combination of up to five factors. Three of these factors come from standardized test scores in reading and math: student achievement, student growth, and the growth of underserved subgroups. Please note that this rating is based mainly on high-stakes testing and, accordingly, doesn't represent a complete view of your school's performance. Other aspects of this report card are designed to put this rating in the proper context.

The U. S. Department of Education has given the State of Oregon approval to temporarily suspend the assignment of school ratings during the transition from the Oregon Assessment of Knowledge and Skills (OAKS) to the new college and career readiness assessments. Schools will not receive an overall school rating on this report card and will receive a new overall school rating on the 2015-16 school report cards.

SCHOOL PERFORMANCE

Performance of students enrolled in the school for a full academic year

Did at least 95% of the students at this school take required assessments? Yes No, Interpret Results with Caution
Participation rate criteria are in place to ensure schools test all eligible students.

The Smarter Balanced and alternate assessments have four performance levels where levels 3 and 4 are meeting the standard for school and district accountability.
